### LAW OF RETALIATION.

WILL ALL EUROPE COMBINE AGAINST THE UNITED STATES!

Dutchmen Protesting Against the In-Jury Done Them by Our Protective Policy... The Added Duties on Sumatra Wrappers-London Gossip.

London, May 1 .- It has been expected here for some time that the Dutch Government would retaliate in some manner for the injury done to its tobacco trade by the added duties laid upon Sumatra wrappers by the United States. The Amsterdam factors and the colonial growers alike have vehemently protested to The Hague against the damage to a business which had grown to enormous proportions and demanded a tax upon American petroleum as a retallatory measure.

The proposition will almost surely meet with favor, notwithstanding the meet with favor, notwithstanding the protests of some conservative statesmen. A slight duty upon the American setticle would throw the business into the hands of the Russians, and Antwerp importers, who do the bulk of the continental trade, are very anxious concerning the situation. Smuggling from Belgium into Holland does not seem to be practicable, they say, both on acbe practicable, they say, both on ac-count of the bulk of the packages and count of the bulk of the packages and the difference in the appearance of Russian and American oil, and any such action as is contemplated by Holiand would not only revolutionize business at the Belgian seaports, but would mean ruin to many small dealers there. As to a Dutch request of other nations to combine against the protectionist policy of the United States, although a strong party in Eagland and France might be in favor of such a course, M. Spuller, the French Minister of Foreign affairs, says there is not much probability of the nations agreeing upon details, and that the fear of a combination upon the other side of the Atlantic might act as a deterring influence.

There was a well-grounded fear among Jews, especially in Austria, that during the labor excitement previous to and on May Day, advantage would be taken of the opportunity to loot their property, but so far few outrages of this kind have been reported. There does not, however, appear to be any prospect of the improvement of their position in that country or many others, and next to the labor question the Hebrew problem will be the one that will agitate Europe.

The recent rise in the price of silver

was in the face of the strongest opposi-tion and the bears here are endeavoring to hammer the rate down again, assisted in their efforts by a powerful French combination. The East Indian pressure for an advance was a principal factor

in the rise.

The Italian Government will protest in the strongest manner against the Brazilian decree excluding Italian immigrants from that country.

### LOCAL STOCKS.

Transactions on the Washington Stock Exchange-Notes and Gossip. There was but a moderate volume of

business on the Washington Stock Ex

change yesterday. For 1,000 convertible U.S. Electric For 1,000 convertible U. S. Electric Light bonds 1172 was paid. This was about 1 per cent. higher than a large lot had previously sold for and about 2½ higher than the best prices recently realized at auction. For the U. S. Electric stock the bid was advanced to 115½, with the offering at 120. This stock is beginning to be appreciated; people are finding to be appreciated; people are flading out that the company is under superior management, the directors noted for re-sponsibility and sound business methods and enterprise unsurpassed in the community, and, more than all, company is on a solid financial basis; hence on the Exchange and privately there is a growing inquiry

for the stock. A stock that is absolutely good and paying 8 per cent., and which will yield 6 at 1334, cannot be kept down to 115 or 120 either. The only sale of bank stock recorded was of thirteen shares of National Bank of the Republic at 260. The same bid was made for more, and the lowest offer to sell was at 270. Though this stock pays but 8 per cent. regularly, its in-trinsic worth is believed to warrant the price paid, 26. The prospect of occa-sional extra dividends helps to enhance

its value. A few years ago there was an extra of 12 per cent., and in January, 1889, another of 10.

The market for Belt Railroad is again strong at the highest price yet realized Twenty shares were sold for 75 per share. The closing bid was at 72, with

share. The closing bid was at 72, with an offering of but eight shares at 75. The test for control still goes on with claims from each side that they hold a majority of the stock. It is believed, like in many other election contests, the counting of the votes will alone de cide who are the victors. On small offerings of Chesapeake & Potomac Telephone stock the price is held at 69 and 70. The sales were 20 shares and 10 shares at the better price

The closing bid was 69, with 70 asked. Graphophone stock was wanted on the board, and 100 shares brought 131 and 100 went for 13. Subsequently the first 100 was sold at 131 and later an offer to take it at 14 was not accepted. The seller on the board is believed to bave 50 more shares, which could prob ably be had for 13.

Those who think the Graphophone Company is managed in a shiftless, half-hearted way fall into a grave error. The tour of inspection recently com-pleted by Mr. E. D. Easton is already cearing good fruits. He visited each of the thirty-two subordinate companies scattered throughout every section of the country, and took pains to instill into the minds of the managers a knowledge of the methods he had so successfully pursued in the territory covered by his own company. It need only be said that as a result of his own energy and ability, the company of which he is president is earning and paying divi-dends at the rate of 6 per cent, per an-num and that the stock of which \$5 is the par value is not on the market and has sold privately as high as \$25 per There are, as above stated. subordinate companies, whose capital aggregates \$17,000,000, presumably not all paid in. Now, if these companies should be able to place an average of but six machines a week, a moderate estimate, it would yield to the Grapho phone Company on its insignificant capital of but \$600,000 pearly 40 per cent, per annum. The sale of but one machine a week by each company would yield 6 per cent, dividends.

For the benefit of those persons who are postponing their efforts to buy Graphophone stock and who are in danger of losing their present opportunity, assuming that the stock can be had at its present depressed of the which had at its present depressed price, which is extremely doubtful, the course taken by this stock last Oc-tober may prove of infinite interest. On the third day of that month a persistent and successful attack culminated in shaking out several hundred shares of long stock. It sold at 12 and just it less than yesterday's lowest quotation. On the next day the market rallied to 14. The following day the opening sale was at 163, the last sale at 193, and after

the board, one of the leaders in the attempt to wreck the stock paid 20 for a lot of 115 shares. Three months later sales of the stock were made at 21. It is well known that there is now a contract out to furnish 500 shares of this stock just one month from to day at \$21 per share. Where is the stock to come from? It has not yet been bought, is the general con-viction. Are some of the Washington bears to be compelled to swallow largely of the Dead Sea fruit which their New York fraters have in the last few days found so bitter. Attempting to buy at the last fraction on a decline or to sell at the highest on a rise is the error which the man who mourns over lost opportunities has fallen into and al-ways will fall into. Be wiser.

### A TOUGH MAN.

Knocked Forty Feet by a Train and Not Injured,

Patrick Ryan can consider himself east-iron man and the chances are that the dime museum men will be after him when they learn the circumstances, Last night he "loaded up" on south Washington tanglefoot, and about 11 o'clock started for his home 1120 Fifth street northeast. When on the Baltimore and Ohlo track, between Seventh and Eighth streets northeast, he was overcome by the liquor he had indulged in, and, laying down on the track, went to sleep. At 11:45 the fast express came along at an unusual rate of speed and struck Patrick amidships. He landed about forty feet from the track, and when he woke up there were three or four persons standing about him and the engineer and fireman of the train, which had been stopped, had just come

up. "What are you jays looking at?" said Mr Ryan as he picked himself up, brushed the dirt off his clothes and walked off. Five more surprised men have not been seen in a long while and the engineer and fireman came near forgetting that they had an express train standing on the track. Mr. Patrick Ryan was a little sore this morning, but not too much to tip off his customary eye-opener and go to work. Patrick says he was struck by the hammer of a pile driver some years ago and pulled through all right.

### MISSION WORKERS,

The Ladies of the Presbyterian Church Conclude their Meeting.

The closing meetings of Wemen's Foreign Missionary Society was largely attended to-day at the Church of the Covenant. The pulpit platform was magnificently decorated with flowers. At 9 a.m. there was a conference of Presbyterian officers in the chapel. The business session of the society at 10:30 a, m. was opened with religious exercises, after which Mrs. S. F. Morse of Wooster, Ohio, read a paper on "Temptation," the discussion of which was participated in by several members of the society. Other subjects discussed were "Our Publications" and "The Question Hour.

Upon reassembling after recess at 2 p. m. there was a social missionary meeting in the chapel, followed by a familiar talk in the church to young people by Miss N. Sherrard of Washngton, Pa. Then followed religious devotions, reports of committees and final adjournment. The benediction was pronounced by Rev. T. S. Hamlin, pastor of the church.

## JUDGE MILLER'S LECTURE,

He Will Not Tolerate Filmsy Reasons for an Assault.

William Lancaster had to pay a fine of \$20 to day for "slugging" Sol Green. Green was eating oysters at the Shakespeare House, on Pennsylvania avenue, when Lancaster came up, hit him in the face and knocked him from the stool. Lancaster stated that he thought he

saw Green make a play for his hip pocket, and he hit him in self-defense.

"On, this is all bosh," said Judge Miller. "If you can't invent a better excuse than this you had better throw up your hands. This idea that every time a man puts his hand under his time a man puts his hand under his coat tails that it is sufficient provocation for an attack is a chestnut and can't be tolerated."

The motive for the attack is said to have been because Green gave the in-formation that lead to the raiding of Dyson's gambling shop last Saturday

The trotting races at Bennings were continued to day, and in point of at-

Yesterday's game between the Wash ingtons and the Worcesters was the first real battle of the season. it seemed certain that the local club was doomed to defeat, it managed to tie the score in the ninth inning. Two more innings were played and each club scored in the eleventh, when the game was called on account of darkgame was called on account of dark-ness. The game was well played at times, while in other innings both teams played like a lot of school boys. In the third inning the local team went to pieces and made five errors, which,

coupled with three hits by the visitors, resulted in six runs for them. Thereafter the Washingtons played an up-hill game, and in the ninth inning, with the score against them standing 9 to 5, tied it on clean hitting. The playing of Cudworth was the feature of the game. He made some remarkable catches in the centre field, will get "off" by the time they reach the North Carolina line.

All of those named in a moraing paper went except H. C. Clarke, F. P. Whistler both had an off day, and the fact that Washington did not win is due in a great measure to the execrable

playing of the former.

The same clubs meet again to-day and a good contest may be expected. The total attendance at Pittsburg at the six Brotherhood games was 12,987, and at the League games 3,666. These facts do not bear out the circular notice of the Players' Club, issued in reducing the admission fee, that the Pittsburg patrons were with them ten to one.

The officials of the Brooklyn Players League Club refused to furnish the at-tendance to reporters yesterday. The reporters present made their own esti-mates and concluded that 500 was a very liberal figure. Harry Mace, who was released by Washington, has been signed by the

Jersey City Club. The attendance at the games, considering the character of the ball the boys are putting up, is not as large as it should be. The team is playing excel-tent ball, and the attendance ought to average a good deal more than a thou-

McCoy is the only man on the team who is an out and out Brotherhood man. All the others' sympathies are with the League.

There is at last some prospect that a match may be made between Joe Fielden and Billy Young. The former declared yesterday that as soon as the Myers-Hopper mill was decided he would be ready to talk business with Young. Well, the fight came off last night, and now it is in order for Joe to make his word good and get on a match with Young at the earliest possible moment He won't find Young at all backward about the details of the fight, and if it is arranged the Washington boy will be the happiest man in this vicinity. Such a fight would be one of the best that has taken place in this neighborhood, and would draw as large, if not larger, crowd than attended the Northedge-

McMillan fight. Godfrey and Cardiff were to have fought in Boston last night, but Cardiff had been led to believe he could not obtain fair play in that city and he refused to go on. The bout may be arranged to take place in Providence,

Joe-McAuliffe, the big Californian, is in New York. Billy Madden, who is backing him, says: "I am willing to back my protege against any heavy-weight in the world. I saw him fight one of his first battles, and I was at once convinced that he was the coming champion. He has fought nine battle in all, and suffered but one defeat, and that was at the hands of Peter Jackson. I have used my utmost endeavors to get on another go between Joe and Jack-son, but the latter declines to meet him again. Jackson is a remarkably shrewd man, and he was better aware than any one else that Joe was out of condition, or he could not have defeated him."

He will challenge Sullivan, and of course the latter will have to refuse on account of his go with Jackson. Then Madden will have Mac star the country. Great head of Madden's!

A number of local sporting men are talking of taking advantage of the present laxity of the laws of Virginia regarding prize-fighting and incorporating a club in that State to give athletic exhibitious. The idea is to get up a stock company and lease a couple of acres of ground near this city, prop-erty enclose it and put up a couple of

buildings in which to hold fights, etc. The expense would only be a few thou-sand dollars, and the plan is entirely BRIGGS' sand dollars, and the pian is entirely feasible. The club could probably get as liberal a charter as that given to the Virginia Athletic Association. If it did, this city would soon become a sporting Mecca. It is only a few hours' ride from New York, and the sporting men of that city could come down here and settle their little difficulties without molestation. The idea is thoroughly practicable, and the venture if properly
